

My family would like to show our support for K-LOVE.  
This radio station provides us with positive and encouraging songs  
and talk. Keeping K-LOVE on the air in this community is vital to  
the well-being and health of our community--and to our nation!  
We urge you to keep K-LOVE on the radio for the interest of the public. That is  
what our county stands for...and what we need!
